

Michigan Court of Appeals

Lower Court Name: Wayne County Circuit Court

Lower Court Case Number: 14-112163-PH

Michigan Court of Appeals Case Number: 326242

Case Name: Barr v. Hall

Appellant's Brief

This is a simple and straightforward case. Appellant had an affair with Appellee's wife, Katharine Lee Barr, and since the time that Appellant ended the affair in October 2013 he has been maliciously prosecuted by the Appellee and his wife who have exploited systematic judicial deficiencies in the Wayne County PPO Court.

The Appellant in this matter has NEVER received an evidentiary hearing on this matter despite his timely written demand for same. Consequently, Appellant was denied the opportunity to call witnesses, introduce exculpatory evidence, and to otherwise place the facts and circumstances revolving around this case into proper context for the court. In short, Appellant was denied his most basic of judicial rights: his constitutional right to due process by law.

Additionally, there are several disturbing instances of judicial conflicts involving Katharine Lee Barr's father, Brian Breslin and his professional relationships with several of the lower court judges who have ruled adversely against Appellant in this case. Brian Breslin is Governor Snyder's manager of appointments. Those matters remain under investigation.

Most of the issues in this case are legally relevant to a companion case (Barr, Katharine Lee v. Hall) which has been fully briefed and is awaiting oral arguments in this same Court. Consequently, Appellant respectfully submits and incorporates by reference Appellant's Brief and Motion for Preemptory Reversal into this brief as doing so will help the court place the issues in this case into proper context.

Appellant respectfully requests that this Court issue an order vacating the PPO in question or, alternatively, issue an order vacating the order denying Respondent Appellant's Motion to Terminate and remand to the lower court for and evidentiary hearing.

Respectfully submitted,

Jeffrey T. Hall

Appellant
